REPUBLICAN STATE PLATFORM.

I. The Republicans of Nevada, in convention assembled, reaffirm their unflinching loyalty to the principles of the party as enunciated in their national platform at Lincoln, Illinois. We believe that liberty is the inalienable right of every man, whatever his race or color, and in the equality of every man before the law, we see the best and surest way to secure to each his right of life, liberty and property. We believe that the right of every citizen to cast his vote for whomsoever he chooses, with the assurance that it will be counted as cast, is the preservation of the Union and free government. We believe that the right of every man to work for his own support, and to enjoy the fruits of his labor, is the basis of all civilization. We believe that the right of every man to the free press, and to the free market place, is the basis of all progress. We believe that the right of every man to the free school, and to the free university, is the basis of all enlightenment. We believe that the right of every man to the free press, and to the free market place, is the basis of all progress. We believe that the right of every man to the free school, and to the free university, is the basis of all enlightenment.

In the capital of this State. It has used the entire power of the Administration to destroy silver as money, and by a refusal to execute the law, to keep out silver from the market. It has kept the metal out of circulation, and by various devices it has reduced the price of silver since the inauguration of President Cleveland from a hundred percent to a few cents. It has closed many of our silver mines, and thrown thousands of honest laborers out of employment.

III. We favor a tariff upon the imported products of low-priced foreign labor, so as to protect the interests of American wage-workers, and for the development of American industries. We demand in behalf of our mining interests the maintenance of the present tariff on lead, borax, soda and other mineral productions, and in behalf of our wool-growing interests a restoration of the wool tariff of 1867, and we denounce the recent attempt of the Democratic majority in the National House of Representatives to pass the Morrison bill reducing the tariff on the products of our mines and placing wool on the free list.

IV. We believe in American soil for American citizens, and are opposed to non-resident aliens becoming landowners. The public domain should be reserved as homesteads for actual settlers, and the alienation of large tracts or bodies of land in the hands of corporations or individuals should be discouraged, and in the case of land grants to railroad corporations the conditions of the grants should be made subject to the approval of the General Government, and should be for the benefit of actual settlers.

V. We favor the intelligent organization of labor for such worthy purposes as mutual education and for the protection of their interests in all things relating to their welfare and to the industrial welfare of the country, and we favor the enactment of State and National laws for the settlement of disputes between employers and employees by methods of voluntary arbitration, or by the establishment of courts of conciliation, which will avoid the waste, loss and ill-feeling resulting from strikes and lock-outs, and the usual expense of litigation.

VI. We denounce the action of the Democratic House of Representatives at its last session in striking from the public domain the lands of the Indian war of 1860 all claims for supplies furnished for the suppression of Indian hostilities, and also for services rendered by the volunteers in the memorable struggle in which the lives of a large number of our most respected citizens were sacrificed.

VII. We denounce the pretense of the Democratic party of having sympathy for the cause of local self-government in Ireland, while in the Democratic House of Representatives, in Committee of the Whole, repeatedly refused to endorse that principle. In the months of April and May last they were engaged in a struggle to prevent the passage of a resolution endorsing a free Parliament for Ireland, which is in the following words:

"Resolved, That the House of Representatives earnestly sympathizes with the people of Ireland, and their associates in their efforts to secure a free Parliament for the people of Ireland, and congratulates the people of that unhappy country upon the prospect of an early and successful termination of their long and patriotic struggle for the right of local self-government."

VIII. We commend the efforts of Senator Jones and Congressman Woodburn in obtaining an appropriation of \$200,000 for the purchase of land in this State, and we condemn the action of the Commissioner of the General Land Office in withholding money appropriated for that purpose, and particularly in refusing to purchase land in the State of Nevada, and in the surrounding Territories.

IX. We endorse the action of Senator Jones and Congressman Woodburn in their efforts to suppress polygamy in Utah, and to check the growth of disloyalty to the Government in that Territory, and we fully endorse the principles of the bill introduced in the National House of Representatives by Congressman Woodburn. We endorse the action of the Republican Senate in passing in the early days of the last session of Congress a bill well calculated to suppress the growth of polygamy, and check the growth of the hostile power of the Mormon Church, which is threatening the peace and tranquillity of the good name of the United States.

X. We are opposed to the further importation of Chinese to this country, or any other foreign laborers, under the contract system, and we favor the passage of a law providing for the protection of workers in our mines and other hazardous callings, and such other measures as will improve the material and social condition of our industrial population. We are earnestly opposed to the doctrine of the so-called anarchists, and we believe in the most perfect protection to each and every individual in the enjoyment of his life, liberty and property, and we particularly condemn it for refusing to make any effort to earn an honest livelihood.

XI. The paramount interest of civilization requires that the money used as a circulating medium in any country shall at all times bear a constant ratio to the increasing population of that country. Contraction of the currency involves all financial evils to which a nation can be subjected, among which are robbery of the laborer, stagnation of trade, depression of wages and the enslavement of the masses for the benefit of bondholders and grasping creditors. We denounce the conspiracy to destroy the monetary silver and convert the money of the world to a single gold standard as a crime against civilization. It would double the obligation of bonds and all other contracts for the payment of money, and would aggravate in the civilized world the enormous sum of more than one hundred thousand million dollars, and thereby make the rich richer and the poor poorer, and impoverish the masses for the benefit of the favored few. We are, therefore, in favor of the free and unlimited coinage of both gold and silver upon the basis now provided by law.

XII. We condemn the Democratic House of Representatives for refusing to make the necessary appropriations for the construction of a suitable navy for the defense of our commerce and the protection of our citizens at home and abroad, and we particularly condemn it for refusing to make any appropriation for fortifications to protect our extensive coast while there was a vast surplus in the treasury, and thousands of laborers out of employment.

XIII. We again declare our constant sympathy with the just and consistent Republican policy and practice of granting out of the nation's abundant generous pensions to the disabled veterans of our wars, whether for the country's defense or for the preservation of the Union. We protest against the removal from office of places of worthy and disabled Union soldiers to make way for partisan civilians and ex-Confederates.

XIV. In common with all loyal people of the land, we mourn the loss to our country of a heroic dead, and especially that great Republican as well as great soldier and statesman, Ulysses S. Grant. His life will forever be an inspiration to us.

high and honorable manhood, patriotic devotion to our country and loyalty to the principles of Republicanism which he so fittingly represented and did so manly to advance. We shall ever treasure his memory and cherish his deeds.

XIV. It is the duty of this State to maintain free schools, not only in towns and thickly populated sections, but in the rural and sparsely settled districts, and as the education of pupils in the sparsely settled sections of the State is necessarily more expensive per capita than where a large number of pupils can attend the same school, such a division of the school money should be made as will furnish the means of education to all children in the State.

XV. Expenditures beyond the means of private individuals are required for surveys, engineering and the construction of levees, canals and other hydraulic works, for the purpose of irrigation in this State. We, therefore, favor liberal appropriations by Congress for surveys, and for the construction of levees, canals, and other hydraulic works, for the purpose of irrigation in this State. We, therefore, favor liberal appropriations by Congress for surveys, and for the construction of levees, canals, and other hydraulic works, for the purpose of irrigation in this State.

XVI. Resolved, That two years' experience has demonstrated that the present system of the great compact citizens, at their own expense, without regard to their pecuniary ability or the losses they may suffer, summarily to suspend their usual occupations, and travel long distances and remain from their homes for an uncertain period, and attend upon District Courts as jurors, is a measure of wise economy, and a valuable service to the State, and an unjust imposition of public burdens upon private individuals. We, therefore, demand of the next Legislature such legislation as will secure to all citizens fair compensation for all the time which they spend, and full reimbursement for all expenses which they incur in performing the duties of jurors in the District Court.

XVII. Resolved, That we point with pride and pleasure to the able and brilliant record made by our State in Congress, the Hon. John F. Jones, in his watchful and vigilant care of our interests upon all occasions, as are fully shown by his unanswerable speeches in Congress against the enactment of duties upon foreign manufacturers and foreign products, which exposes in a masterly and in a clear and forcible manner the free-trade doctrine of modern democracy. His able and exhaustive speeches made upon the reclamation of public lands, particularly the last speech in Congress upon that subject, in which he has displayed more strongly his ability to render the intricate subject intelligible to the common mind, thereby replacing and upholding the old time honored American dollar of our fathers in its rightful position as part of our circulating medium and purchasing power, and his logical and overwhelming arguments in favor of the passage of the Chinese Exclusion and Exclusion Amendment thereto, during the last Congress.

XVIII. Resolved, That our able Representative in Congress, the Hon. Willam Woodburn, deserves the united thanks of the people of this State for his constant and watchful care over the true interests of the people of this State, and that we recognize in him an able statesman and purchasing power, and his logical and overwhelming arguments in favor of the passage of the Chinese Exclusion and Exclusion Amendment thereto, during the last Congress.

XIX. We believe it is the duty of the National Government to pass laws regulating the operation of railroad corporations of the country, protecting the people from extortion and unjust discriminations, and we approve the principles of the bill introduced in the National House of Representatives by Congressman Woodburn, known as the Cullum bill, and urge our Senators and Representative in Congress to have the same enacted upon our national law.

Resolved, That we demand that the next Legislature shall pass laws in accordance with the plan known as the Nebraska plan for the election of United States Senators.

DEMOCRATIC STATE PLATFORM.

First—The Democratic party of the State of Nevada, through its representatives in convention assembled, at Elko, on the 9th day of September, 1886, reaffirming its hearty endorsement of the declaration of principles adopted by the National Democratic party at the city of Chicago in 1884, among which, upon the question of coinage and currency, are the following plain statements of Democratic faith, and the principles upon which the party appealed to the suffrages of the people of the several States in the late Presidential campaign.

Resolved, That we believe in the gold and silver coinage of the constitution, and a circulating medium convertible into such money without loss.

We therefore demand that good faith shall be observed with the people by the Democratic Administration by religiously adhering to the money plank, as it does to every other plank of the Chicago platform.

Second—President Cleveland, in his wise conservative and patriotic administration of our public affairs, both foreign and domestic, challenges our highest admiration, except in following the better part of his Republican predecessors and the policy of the Republican party on the silver question, in disregard of the cherished principles of the National Democratic party.

Third—We demand of the Administration, at Washington, that it shall second the efforts of the National Democratic party to maintain the single gold standard. The action of the Republican party in California in refusing to insert a silver plank in their platform deserves the condemnation of the Democratic party, and the mining regions of the Pacific Coast.

Fourth—We endorse the policy of applying the surplus in the National Treasury, as fast as it may accumulate, to the payment of the National debt, retiring as rapidly as practicable the National Bank circulation, and the direct issue by the National Government of legal tender Treasury notes, gold and silver coin and coin certificates.

Fifth—We arraign the Republican party before the bar of an enlightened public opinion for its high crime committed against the public peace, and against the best interests of the white laboring classes of both sexes, by its inviting and encouraging the influx of Asiatic hordes to our shores under treaty stipulations and under the crazy Shibboleth of the Brotherhood of God and the Brotherhood of Man, until there are planted among the people of the Pacific States and Territories, like so many leeches sucking the lifeblood of our substance, 150,000 Chinese coolies.

Sixth—We demand the immediate abrogation of the Burlingame treaty, and the total suppression of Chinese immigration into the United States, and we favor legislation providing for the deportation of all Chinese in the United States, and we recommend the exclusive patronage of white labor and its products.

Seventh—The introduction by Senator Fair of his Chinese Restriction bill, and his success in passing the same through the approval of the entire people of the Pacific Coast.

Eighth—A proper regard for the welfare of the workmen being inseparably connected with the integrity of our institutions, the laboring classes should be protected in their efforts peaceably to assert their rights when endangered by aggregated capital, or by the importation of foreigners and aliens under contract to perform labor, or by the involuntary or other abuse of Chinese.

Ninth—We are in favor of liberal wages and free labor. All associations formed for the purpose of developing intelligence, promoting and protecting the labor of the laborer and mechanic, and to enable unskilled labor to defend and maintain their rights by peaceful and efficient means against powerful and oppressive combinations, should be encouraged and expressly sanctioned by law; and the Democratic party of Nevada is in favor of the enactment of liberal laws fostering and encouraging the formation of co-operative and protective societies among all classes of laboring men.

Tenth—We approve the action of the Democratic House of Congress in forfeiting and restoring to the public domain for homesteads for actual settlers nearly a hundred millions of acres of unearned lands heretofore granted by Republican Congresses to railroad corporations, and we also approve the Act preventing alien ownership of large tracts of public land in the United States.

Eleventh—We commend the policy of the present Administration in strictly enforcing the tariff laws, the beneficial effect of which is so happily illustrated by the fact that the great wool-growing industry of the country receives adequate protection now by the collection of import duties on wool, than it did under the high tariff of 1867 under the practice by Republican officials of letting foreign wool slip through our custom Houses at less than one-half of said duties.

Twelfth—In behalf of the mining industry of this State, and of the miner—the pioneer of this State, in his watchful and vigilant care of the whole people of Nevada, we earnestly recommend to the authorities at Washington the immediate opening and permanent running of the United States Mint at Carson City, so that our mines may be relieved from the unnecessary and burdensome expense of shipping their bullion three thousand miles away for market, and we hereby commend the efforts of Senator Fair to accomplish this result.

Thirteenth—Generous provision, State and county, should be made for the support of public schools, and we are in favor of such legislation as will best promote the educational interests of our State.

Fourteenth—The depression of our mining interests, a prominent feature in our economic resources, necessitates the strictest economy in all branches of our government, both State and county, and we demand of all our public officers that all possible retrenchments be made consistent with the proper discharge of the duties of their several offices.

Fifteenth—In common with the Democracy of the country we express our sympathy with Ireland, in her great struggle for Home Rule. The friends of liberty throughout the world are deeply interested in the effort which the supporters of Gladstone and Russell are now making to give the right of government to the long-suffering and greatly wronged Irish people, and we sincerely hope that the struggle of Ireland for her just rights shall be crowned with complete success.

Resolved, That in common with the Democracy of the whole country we sincerely lament the loss of the late Vice-President of the United States, Thomas A. Hendricks, the honest and trusted leader, whose conciliatory counsel and patriotic teachings have become the common heritage of our common country. We are profoundly deplored the death of a brief part of the life of the Nation, and particularly the Democratic party, has suffered the loss of four other eminent citizens in the persons of the gallant leader George B. McClellan, the pure and wise statesman, Horatio Seymour, the superb hero, General Winfield Scott Hancock, and more recently the decline of the discerning statesman, sagacious counselor and profound political philosopher, Samuel J. Tilden.

RENO, WASHOE CO., NEV.

TOWN ORDINANCE NO. 25.

THE BOARD OF COUNTY COMMISSIONERS of Washoe County, Nev., sitting as a Board of Town Trustees, October 4, 1886, passed the following

TOWN ORDINANCE NO. 25.

An Ordinance to provide for the lighting of the streets and alleys of Reno, and other purposes.

Be it ordained by the Board of County Commissioners of Washoe County, Nevada:

SECTION 1.—That for the purpose of lighting the streets, alleys and public grounds and places of Reno, Washoe County, Nevada, and the business and private houses therein with electric light, permits and authority shall be hereby given to J. L. Stevenson, of Reno, his heirs and assigns, to use the streets and alleys for the purpose of erecting poles, standards, lamps and other appliances necessary to generate and convey, and use electricity for illuminating purposes, and the maintenance and repairs thereof, for a period of 50 years, provided that no poles or appliances shall be so placed, connected therewith, as to materially interfere with the said sidewalks, streets and public places, for business or travel, and that no main wires on the principal streets shall be lower than twenty feet from said streets.

SECTION 2.—That the above authority and permission is given in consideration of and upon the condition that the said J. L. Stevenson, his heirs or assigns, shall commence to construct and put in the necessary plant for making or distributing an electric current for the purpose of furnishing electric light in the business portions of Reno, within six months from the date hereof, Oct. 4, 1886, and shall have said plant in operation within 12 months from the date hereof, and should the said J. L. Stevenson, his heirs or assigns, fail to comply with the foregoing conditions, then this Ordinance shall be void.

SECTION 3.—This Ordinance shall take effect and be in force from the earliest period allowed by law.

Witness my hand and the seal of the Board, this 4th day of October, 1886.

C. C. POWNING, Chairman of the Board.
T. V. JULIEN, Clerk.

EQUALIZATION NOTICE.

NOTICE IS HEREBY GIVEN THAT AT a regular meeting of the Board of County Commissioners of Washoe County, Nevada, held on the 20th day of September, 1886, said Commissioners sitting as a Board of Equalization, upon complaint duly made and entered therein, caused citations to issue as follows:

To B. F. Leete, requiring him, the said B. F. Leete, to be and appear before the Board on the 25th day of September, 1886, and show cause why the assessed valuation of his property should not be raised from \$6,920 to \$7,750. That on the said 25th day of September, 1886, the consideration thereof was regularly postponed until Monday, October 19th, 1886, at which time the Board proceeded to consider the matter, and no appearance being made or objections filed therein, the assessed valuation of the property of the said B. F. Leete was raised in accordance with the said citation.

T. V. JULIEN, Clerk of the Board.

Accidentally Shot By Himself—Verdict of the Coroner's Jury.

No stranger event that could have happened could have more startled Reno than the announcement yesterday morning that Al Longley was dead, and the rumor spread that he had either committed suicide or had been murdered. An examination of the facts disclosed that night before last about midnight Mr. Longley arose from his bed, and went outside. He soon returned to the room and complained of being chilly. He retired, and for quite a while conversed pleasantly with Mrs. Longley. It must have been about 3 o'clock that he imagined there were burglars around, for he got up, took his pistol, and began to prow around. Soon was heard the pistol shot and fall, which noise startled and awoke Mrs. Longley, who, missing her husband, called for him, and no response being made, arose, lit the lamp, and to her unspeakable horror, found him on the floor, just inside the kitchen door, with the pistol a few feet away. He did not live more than twenty minutes. Dr. Bergstein was sent for, but could not arrive in time. The ball went in over the right ear, and extended diagonally across to the left eye. Coroner Brown empaneled a jury, and the verdict rendered is herewith appended.

The undersigned jurors summoned before H. P. Brown, Coroner of Washoe county, State of Nevada, to inquire into the cause of the death of A. A. Longley, of said Washoe county, do hereby find and declare that said Longley was a native of Kentucky, aged 53 years, that he came to his death this 10th day of October, 1886, at said Washoe county, from a gunshot wound in the head. We further find that the shooting was accidental, arising from a mis step or fall in the dark.

Washoe county, Nevada, October 19, 1886.

Some imagine that Al shot himself while in a fit of temporary insanity, but no man in the county had less reason to be insane or to commit suicide. He was one of the most prosperous farmers in the county. His family relations were especially pleasant and tender and dear. The Journal does not know a man who was so happy and contented, had such a home, and who really enjoyed life and living like A. A. Longley. His sudden demise is one of those accidental and mysterious affairs that occasionally happen. In his death his wife and children have lost a kind and indulgent and loving husband and father, and the county of Washoe one of its very best citizens. Although not yet advised the Journal supposes the funeral will take place to-morrow under the auspices of Reno Lodge, No. 13, F. & A. M., of which he was an honored member.

BISHOP WHITAKER IN THE EAST.—We clip the annexed from the Enterprise of yesterday:

The Rev. David McClure, of this city, yesterday received a letter from Bishop Whitaker and also one from Mrs. Chester, the mother of Mrs. Whitaker. The letter from Bishop Whitaker was mostly of a business character, yet also contained some pleasing news and a kind word to his friends.

Bishop and Mrs. Whitaker are at the present time guests at the Palmer House, Chicago, and the Bishop is very busy at the Episcopal Convention, now being held in that city. He writes that he has a great field for work in the East, which in the end will have to result in his giving up everything of a business nature in this State. He also writes that he and wife are well and happy, and will visit the Comstock some time next June.

Mrs. Chester has arrived in New York City. She writes that she is well and "feels as young and fresh as a pink." It is surprising the amount of vitality exhibited by Mrs. Chester. She was twenty-one years of age last September, and still with nearly a century of years to weigh her down, she is as lively, as active, as agreeable, and retains her memory as well as most ladies forty years younger than herself.

LOCAL CANDIDATES.—Candidates for local offices are around interviewing the voters in various parts of the county.

POSTMASTERS APPOINTED DURING THE YEAR.

First Assistant Postmaster General A. T. Stevenson has submitted to the Postmaster General his annual report upon the operations of his bureau for the fiscal year ended June 30th. It shows that the number of postoffices established during the year was 3,482; number discontinued, 1,120; net increase, 2,362; whole number of postoffices, 53,614; number filled by appointments of the President, 2,244; number filled by appointments of the Postmaster General, 51,349. The appointments made during the year are given as follows: On resignations and commissions expired, 9,112; increase compared with previous year, 2,908; on removals and suspensions, 9,566; increase compared with previous year, 8,756; on deaths of postmasters, 587; on establishment of new postoffices, 3,482; total, 22,747. Mr. Stevenson renews his recommendation of last year, that the Government pay office rent for postoffices of the third class.

PARKER'S MAP OF NEVADA.

PARKER'S NEW MAP OF NEVADA.

THIS NEW AND BEAUTIFUL

MAP OF THE STATE,

Has Just Been Published, and is Now Ready for Sale.

It has been completed with great care in order to insure its being strictly correct, and furnishes a vast fund of valuable information regarding the topography of the State. There never has been a Map of the State prepared heretofore worthy of the name, and it is intended to fill a long-felt want on the part of citizens. It has been lithographed at large expense by the famous publishing house of Rand, McNally & Co., of Chicago, and does great credit to their well-known skill in the art. The Map is drawn on a scale of 12 miles to the inch, and shows all surveyed Townships up to date of issue, also all Mountain Ranges, Valleys, Rivers, Creeks, Brooks, Streams and Lakes; it also shows the correct position of all Indian and Military Reservations, and all Cities, Towns and Settlements; also all Railroads and the principal Wagon Roads. The County Boundaries are also depicted with absolute correctness, which is something that no other Map has even approximated to.

The Map is printed on the best of paper, and mounted with stick, top and bottom, with tape on edges and varnished; it is also printed on thin, strong paper, which folds up in stout covers for pocket form. The Counties are printed with different colors, making it altogether an ornament to any school house, office, saloon or private room, as well as valuable for instruction and reference.

The Map has been compiled by John W. Parker, the Chief Draughtsman of the United States Surveyor-General's Office at Reno, who holds the copyright, and is the condensation of all information on file in that office, as well as the celebrated War Department Maps prepared by Lieutenant Wheeler; he has also had at his command other recent and reliable data on which to rely, and the Map is issued to the public in the firm belief that it is in every way authentic.

The Price of the Map is \$5.00, and copies will be sent to any address, postpaid, upon receipt of the money. Parties ordering will be careful to state which style is desired—mounted or pocket form.

REPUBLICAN COUNTY PLATFORM.

The Republicans of Washoe county, in convention assembled, present the following declaration of principles and purposes, and pledge themselves and the nominees of this Convention to their faithful and earnest support and endorsement.

We denounce the attempt of the present administration to further restrict the coinage of silver and change the measure of standard values from gold and silver to gold alone, as an act of monstrous injustice to the mining interests of our country, and demand that a double standard be established of both gold and silver, and be maintained as the basis of our money system as established by the Constitution of the United States.

We, as a party, are most emphatically opposed to the further immigration of Chinese, believing them to be a class of laborers detrimental to American institutions, and we are in favor of the legal expulsion of those with which the country is now afflicted.

We denounce the "slavery" policy of reinforcement and reform as carried out by the present administration, and which has closed our Mint, cut down our mail routes, caused a cessation of public land surveys, and damaged the material interests of the State in such a manner, as to lead us to believe that the people of Nevada have been selected out for punishment because they had the courage to vote their convictions in the campaign of 1886.

We are in favor of a home man for United States Senator, and our representatives to the Senate and Assembly are instructed to use all honorable means to elect a gentleman to that office who is a Nevada in heart, interests, and actual residence. Instead of a man like Senator Fair, whose whole interest and residence are in California.

The present depressed condition of this State demands rigid economy in all public affairs, and we require of the nominees of this Convention, and particularly those for legislative offices, an earnest effort to reduce the expenses of both the State and County governments, and to relieve the people of the present burdensome and vexatious taxation.

Resolved, That gold and silver have been recognized as money from time immemorial, and that the world has never known a more civilized world for coin. Silver did not decline in market so long as the mints of any nation in Europe or America would receive it in exchange for money. We favor the immediate passage of an act of Congress providing for the free coinage of both gold and silver, so that the owner of either of these metals may have it exchanged at our mints at the

POLITICAL.

standard rates for coin of gold or silver certificates as the case may be.

We endorse the earnest and able efforts of Senator Jones and Congressman Woodburn to prevent the Administration from depriving the people of this State of their usual and necessary mail facilities, and their efforts to keep open our mint and to furnish the people of this State with the usual benefits arising from a fair and impartial administration of public affairs, and we particularly commend them for their able efforts to restore silver to its original place as money and to defeat the conspiracy of the bondholders to the contrary of the money to the single gold standard and thereby double the obligations of contracts and inflict upon the laboring masses such enormous burdens as to reduce them to a condition of slavery.

Resolved, That we regret the failure of Senator Fair to co-operate with his colleagues from this State in their efforts to restore silver to its place and thereby revive silver mining in this State and defeat the bondholders' conspiracy to demonetize that metal. It is unfortunate that Senator Fair's private business was so pressing as to require his absence from his seat in the Senate at all times when any question affecting the use of money has been discussed or voted upon, since he has been one of the members of the United States Senate. But whatever his private business or interest may have been, we cannot excuse his silence on the great issue with regard to silver, in which our State is so vitally interested, and which he was elected to foster and protect. We charge him with utter disregard of his duty to his constituents in failing to place on the records of the Senate his opinions upon this question. In all clarity to him we hope he is not a bondholder, and therefore interested in the demonetization of silver, and the destruction of silver mining in this State.

We favor the restoration of the Republican party on wool and the maintenance of the general features of the present protective tariff, and oppose free trade and the degradation of labor in this country which must result from competition with Europe and China, as the Democratic dogma of free trade should be adopted.

The Republican party has done more to relieve the oppressed than any other party ever felt on earth and it cannot look without sympathy and earnest solicitude upon the efforts being made to arrive at a humane and honorable solution of the question of the slave, who have so lately been at issue between England and Ireland.

We denounce the action of the Democratic House in refusing all expressions of sympathy with the House Lull movement, while the Republican members always support such resolutions.

Resolved, That the Republican party has ever stood as the friend of labor against all who would either oppress or enslave it; and every measure, either State or national, which will protect the laborer from dangerous foreign competition, or improve and dignify his condition, at home, will meet with our unqualified approval. Unswerving in our ability to Anarchism, Socialism and Communism, we favor such wise legislation as may insure that harmony which ought always to prevail between the employer and the employee. We recognize the right of all men by association to promote their mutual good and protection in every way that does not infringe upon the rights of others.
